Financial regulation Machine Reinhart, Carmen; Rogoff, Rogoff (2009), This Time is Different: Eight Centuries of Financial Folly, Princeton U. Pr. , ISBN 978-0-691-15264-6 Simpson Financial regulation is a broad set of policies that apply to the financial sector in most jurisdictions, justified by two main features of finance: systemic risk, which implies that the failure of financial firms involves public interest considerations; and information asymmetry, which justifies curbs on freedom of contract in selected areas of financial services, particularly those that involve retail clients and/or principal-agent problems. An integral part of financial regulation is the supervision of designated financial firms and markets by specialized authorities such as securities commissions and bank supervisors 632fc7e58b
