Brand management A brand manager oversees all aspects of the consumer's brand association as well as relationships with members of the supply chain. In marketing, brand management refers to the process of controlling how a brand is perceived in the market. Tangible elements of brand management include the look, price, and packaging of the product itself; intangible elements are the experiences that the target markets share with the brand, and the relationships they have with it. Tangible elements of brand management include In marketing, brand management refers to the process of controlling how a brand is perceived in the market. Developing a good relationship with target markets is essential for brand management 1e97f8f1d8
