Maleficent is represented as an evil fairy and the self-proclaimed "Mistress of All Evil" who, after not being invited to a christening, curses the infant Princess Aurora to "prick her finger on the spindle of a spinning wheel and die" before the sun sets on Aurora's sixteenth birthday. 312cd032cb The fairy tale features elements such as the magic mirror, the poisoned apple, the glass coffin, and the characters of the Evil Queen and the seven Dwarfs. The seven dwarfs were first given individual names in the 1912 Broadway play Snow White and the Seven Dwarfs and then given different names in Walt Disney's 1937 film Snow White and the Seven Dwarfs. The Grimm story,

which is commonly referred to as "Snow White", should not be confused with the story of "Snow-White and Rose-Red" (in German "Schneeweißchen und Rosenrot"), another fairy tale collected... 312cd032cb

Later, in the twentieth century, the publication of The Lord of the Rings by J. R. R. Tolkien enormously influenced fantasy writing, establishing the form of epic

fantasy. This also did much to establish the genre of fantasy as commercially distinct and viable. Today, fantasy encompasses many subgenres, including traditional high fantasy, sword and sorcery, fairytale fantasy, and dark fantasy.

The Grimms' tale is didactic, meant as a warning to young children against the dangers of narcissism, pride, and hubris, and demonstrates a triumph of good over evil. In some revisions, however, the Queen has been reworked or portrayed more sympathetically, serving as the protagonist, antihero, or tragic hero. Her many variants in adaptations notably include the Disney version.

Little Red Riding Hood (French: Le Petit Chaperon rouge, German: Rotkäppchen, Italian: Cappuccetto Rosso) is a fairy tale about a young girl and a Big Bad Wolf. Some later versions include a woodsman. Its origins can be traced back to several pre-17th-century European folk tales (including in present-day France, Italy, and German-speaking regions), with

parallels in ancient oral narratives and motifs; it was first recorded in literary form in French by Charles Perrault, and later retold in the 19th-century by the Brothers Grimm 312cd032cb

In less technical contexts, the term is also used to describe something blessed with unusual happiness, as in "fairy-tale ending" (a happy ending) or "fairy-tale romance". Colloquially, the term "fairy tale" or "fairy story" can also mean any far-fetched story or tall tale; it is used especially to describe any story that is not only untrue, but also could not possibly be true. The frame story revolves around Dr. Sela Mathers, a professor of literature with the supernatural ability to help people to avoid bad life decisions by subjecting them to visions, in which they see themselves as the protagonists of allegorical fairy tales. As the series progresses, she struggles with the fact that several people ignore her lessons and ruin their lives anyway, and begins using her ability to dispense justice instead. Sela's nemesis is Belinda, who has the same ability as Sela but uses it for evil. 312cd032cb The other portion of the story is a twisted version of a classic fairy tale. The fairy tales are often violent and usually end in depressing ways, warning the readers to change their lives or suffer a similar (or sometimes worse) fate. 312cd032cb

The episode was written by co-executive producer David H. Goodman, while being directed by David Solomon. Goodman used the newly introduced character of Cinderella to reveal more of Emma's backstory, as she had no flashbacks to draw upon. Schram's casting was confirmed in August 2011, when it was revealed that Cinderella's storyline would differ from the traditional fairytale. Goodman wrote the character as a naive though sweet woman who makes bad decisions that places her in even more "unfortunate circumstances." Series regular Raphael

Romantic fantasy centers around the romantic relationship between Cinderella and Prince Charming, in a magical fairy-tale world. Your Name (2016) A romantic fantasy anime - Romantic fantasy, or "romantasy", is a subgenre of the broader genres of fantasy fiction and romance fiction that combines fantasy and romance, bringing to fantasy many of the elements and conventions of the romance genre. One of the key features of romantic fantasy involves the focus on relationships: social, political, and romantic 312cd032cb

Romantic fantasy has been published by both fantasy lines and romance lines. It can be defined as a fantasy where the plot is dependent on the romance such that it would not make sense if the romantic plot were removed. It has also been defined as stories which are romance-first within a secondary world. As a result of the financial success of authors such as Sarah J. Maas and Rebecca Yarros in the 2010s, publishers created imprints to focus on this subgenre. Some publishers distinguish between "romantic fantasy" where the fantasy elements are the most important and "fantasy romance" where the romance is the most important. Others say that "the borderline between fantasy romance and romantic fantasy has essentially ceased to exist, or if it's still there, it's moving back and forth

constantly". Game historian Stu Horvath noted, "the heroes and heroines...
