Higher readability in a text eases reading effort and speed for

the general population of readers. For those who do not have high reading comprehension, readability is necessary for understanding and applying... For educators and researchers, reading is a multifaceted process involving such areas as word recognition, orthography (spelling), alphabetics, phonics, phonemic awareness, vocabulary, comprehension, fluency, and motivation. Other types of reading and writing, such as pictograms (e.g., a hazard symbol and an emoji), are not based on speech-based writing systems. The common link is the interpretation of symbols to extract the meaning from the visual notations or tactile signals (as in the case of braille). The ACT was first introduced...

Readability 2003. In programming, things such as programmer comments, choice of loop structure, and choice of names can determine the ease with which humans can read computer program code. renlearn Readability is the ease with which a

reader can understand a written text. In natural language, the readability of text depends on its content (the complexity of its vocabulary and syntax) and its presentation (such as typographic aspects that affect legibility, like font size, line height, character spacing, and line length). Guided independent reading. Paul, T. Madison, WI: School Renaissance Institute, Inc. Madison, WI: School Renaissance Institute, Inc.
