Based on the original Netherlands format of the game show, each episode sees a contestant choosing one of 22 boxes, each containing a cash amount. A contestant winning is determined by luck – cash amounts are randomly allocated to each of the boxes prior to the game, with contestants required to open a specific number of boxes per round of the game to eliminate the cash amounts their chosen box does not contain, in turn affecting how much is offered by the Banker. Games always end with the player opening all of the boxes, including their own, regardless of how they intend to make money. 5c4a15b00f
