

Smart Card Handbook 4th Edition

This use of singular they had emerged by the 14th century, about a century after the plural they. Singular they has been criticised since the mid-18th century by prescriptive commentators who consider it an error. Its continued use in modern standard English has become more common and formally accepted with the move toward gender-neutral language. Some early-21st-century style guides described it as colloquial and less appropriate in formal writing. However... 083fe860f3
