List of automobiles known for negative reception the Sierra Club's Antichrist: The H2 is the younger brother of AM General's massive Hummer H1. Some automobiles received predominantly negative reception. Different sources use a variety of criteria for including negative reception that includes the worst cars for the environment, meeting criteria that includes the worst crash test scores, the lowest projected reliability, and the lowest projected residual values, earning a "not acceptable" rating after thorough testing, determining if a car has performed to expectations using owner satisfaction surveys whether they "would definitely buy the same car again if given. There are no objective quantifiable standards, and cars on this list may have been judged by poor critical reception, poor customer reception, safety defects, and/or poor workmanship.
