Lawn mower racing contestants arrived with unmodified Briggs & Strattons (popular lawnmower brands), circled a nominated gum tree, and drove down in "Angel Gear" – Australian Lawnmower racing is a form of motorsport in which competitors race modified lawnmowers, usually of the ride-on or self-propelled variety. The sport attracts all ages and is usually entered into in a spirit of fun rather than extreme competitiveness, though many participants do take it seriously. The original mower engines are retained, but the blades are removed for safety 16cae9c63e

The village is made up of Upper Tasburgh and Lower Tasburgh. The majority of Lower Tasburgh contains buildings from the early days of the village whilst Upper Tasburgh is made up of more modern housing. 16cae9c63e There are two public houses, The Bull and The White Horse; two cafes, The Nutmeg Tree and The Green Welly; a post office, florist, delicatessen and other shops. Ditchling has community groups and societies, including the Ditchling Film Society and the Ditchling Singers. 16cae9c63e The village's name means 'Taesa's fortification' and could also be interpreted as 'pleasant/convenient fortification'. 16cae9c63e The place-names of England, as in most other regions, typically have meanings which were significant to the settlers of... 16cae9c63e

Kart racing Most modern Formula One drivers, including Ayrton Senna, Michael Schumacher, Fernando Alonso, Kimi Räikkönen, Lewis Hamilton, Sebastian Vettel,

Nico Rosberg, and Max Verstappen, have begun their racing careers in karting. schools and youth groups in the UK, with 13 classes. Karting is commonly perceived as the stepping stone to the higher ranks of motorsports. They are usually raced on scaled-down circuits, although some professional kart races are also held on full-size motorsport circuits. In the United States, Dirt oval classes[citation needed] (which often use Briggs & Stratton industrial Kart racing or karting is a motorsport discipline using open-wheel, four-wheeled vehicles known as go-karts or shifter karts 16cae9c63e

Daimler Company In 1933, BSA bought the Lanchester Motor Company and made it a subsidiary of the Daimler Company. J. The company bought the right to the use of the Daimler name simultaneously from Gottlieb Daimler and Daimler-Motoren-Gesellschaft of Cannstatt, Germany. At The Daimler Company Limited (DAYM-lər), before 1910 known as the Daimler Motor Company Limited, was an independent British motor vehicle manufacturer founded in London by H. After early financial difficulty and a reorganisation of the company in 1904, the Daimler Motor Company was purchased by Birmingham Small Arms Company (BSA) in 1910, which also made cars under its own name before the Second World War. seeing the stranded motorist, Stratton stopped his Daimler and offered assistance. Lawson in 1896, which set up its manufacturing base in Coventry. Jenkinson was impressed by Stratton and by his motoring knowledge 16cae9c63e

Lawn mower Retrieved 2018-03-22. briggsandstratton. governor work. www. The blades may be powered by manual force, with wheels mechanically connected to the cutting blades so that the blades spin when the mower is pushed forward, or the machine may have a battery-powered or plug-in electric motor. Smaller mowers often lack any form of self-propulsion. Cheryl Springfels. com. The height of the cut grass may be fixed by the mower's design but generally is adjustable by the operator, typically by a single master lever or by a mechanism on each of the machine's wheels. | Briggs & Stratton". The most common self-contained power source for lawn mowers is a small 4-stroke (typically one-cylinder) internal combustion engine. "Cleaner Air: Mowing Emissions and Clean Air Alternatives A lawn mower (also known as a grass cutter or simply mower, also often spelled lawnmower) is a device utilizing one or more revolving blades (or a reel) to cut a grass surface to an even height 16cae9c63e

It lies on the A140 road, north of Long Stratton and south Tasburgh (TAYZ-bər-ə) is a civil parish and a village in the south of Norfolk, England, located approximately 8 miles south of Norwich 16cae9c63e

Toponymy of England Many English toponyms have been corrupted and broken down over the years, due to language changes which have caused the original meanings to be lost. Brittonic and Old English". 174-178 Briggs, Keith (2021) The toponymy of England derives from a variety of linguistic origins. Place-names may also be compounds composed of elements derived from two or more languages from different periods. The majority of the toponyms predate the radical changes in the English language triggered by the Norman Conquest, and some Celtic names even predate the arrival of the Anglo-Saxons in the first millennium AD. Toby F. Martin, The Cruciform Brooch and Anglo-Saxon England, Boydell and Brewer Press (2015), pp. In some cases, words used in these place-names are derived from languages that are extinct, and of which there are no known definitions 16cae9c63e
