He was an essential contributor to research on the nature of the reading process together with researchers such as George Armitage Miller, Kenneth S. Smith and Goodman are founders of whole language approach for reading instruction. Psycholinguistics and Reading. Torrey, Jane Mackworth, Richard Venezky, Robert Calfee, and Julian Hochberg. Victoria, British Columbia, Canada, 2020) was a British psycholinguist recognized for his contributions in linguistics and cognitive psychology. The emphasis is on the process or comprehension of the text. Goodman, Paul A. Kolars, Jane W. Thomson Learning. He was the author of numerous books. ISBN 978-0-03-091451-5 Frank Smith (b. Smith, Frank (1973)

Phonics Phonics is also sometimes used as part of the process of teaching Chinese people (and foreign students) to read and write Chinese characters, which are not alphabetic, using pinyin, which is alphabetic. To use phonics is to teach the relationship between the sounds of the spoken language (phonemes), and the letters (graphemes) or groups of letters or syllables of the written language. The formula is: Decoding × Oral Language Comprehension = Reading Comprehension. It can be used with any writing system that is alphabetic, such as that of English, Russian, and most other languages. Students are not reading if they can decode words but do not understand Phonics is a method for teaching reading and writing to beginners. Phonics is also known as the alphabetic principle or the alphabetic code
