recessive recharge Drawing up a comprehensive list of words in English is important as a
reference when learning a language as it will show the equivalent words you need to learn in the
other language to achieve fluency. Eventually these words will all be translated into big lists in
many different languages and using the words in phrase contexts as a resource. A big list will
constantly show you what words you don't know and what you need to work on and is useful for
testing yourself. You can use the list to generate your own lists in whatever language you're
learning and to test yourself 78f3834722
