Persuasion is studied in many disciplines. Rhetoric studies modes of persuasion in speech and writing and is often taught as a classical subject. Psychology looks at persuasion through the lens of individual behaviour and neuroscience studies the brain activity associated with this behaviour. History and political science are interested in the role of propaganda in shaping historical events. In business, persuasion is aimed at influencing a person's (or group's) attitude or behaviour towards some event, idea, object, or another person (s) by using written, spoken, or visual methods to convey information, feelings, or reasoning, or a... 94389c66d3
