Retrieved 2021-05-05 db259ce679

Sustainable finance obligations for companies in the financial sector to be transparent and to take into account financial risks in their management, notably through climate stress Sustainable finance is the set of practices, standards, norms, regulations and products that pursue financial returns alongside environmental and/or social objectives. It is sometimes used interchangeably with Environmental, Social & Governance (ESG) investing. However, many distinguish between ESG integration for better risk-adjusted returns and a broader field of sustainable finance that also includes impact investing, social finance and ethical investing db259ce679
