Wikipedia:Language learning centre/Word list You can use the list to generate your own
lists in whatever language you're learning and to test yourself. A big list will constantly
show you what words you don't know and what you need to work on and is useful for testing
yourself. Eventually these words will all be translated into big lists in many different
languages and using the words in phrase contexts as a resource. cordials cordillera cordite

is important as a reference when learning a language as it will show the equivalent words
you need to learn in the other language to achieve fluency ed6d779b6f
