Culture of the Southern United States (1989) Steel Magnolias (1989) Fried Green Tomatoes (1991) Forrest Gump (1994) Jason's Lyric (1994) Ghosts of Mississippi (1996) A Time To The culture of the Southern United States, Southern culture, or Southern heritage, is a subculture of the United States. From its many cultural influences, the South developed its own customs, dialects, arts, literature, cuisine, dance, and music. The combination of its history and the fact that many Southerners maintain—and even nurture—an identity separate from the rest of the country have made it one of the most studied and written-about regions of the United States. Culture of Shanghai Mass migration from all across China and the rest of the world has made Shanghai a melting pot of different cultures. It was in Shanghai, for example, that the first motor car was driven and (technically) the first train tracks and modern sewers were laid. It was also the intellectual battleground between socialist writers who concentrated on critical realism, which was pioneered by Lu Xun, Mao Dun, Nien Cheng and the famous French novel by André Malraux, Man's Fate, and the more "bourgeois", more romantic and aesthetically inclined writers, such as Shi Zhecun, Shao Xunmei, Ye Lingfeng and Eileen Chang. The word is not a racial label—people of European, African, or mixed ancestry can and have identified as Louisiana Creoles since the 18th century. After the Sale of Louisiana, the term "Creole" took on a more political meaning and identity, especially for those people of Latinate culture. The Catholic Latin-Creole culture in Louisiana contrasted greatly to the Anglo-Protestant culture of Yankee Americans. 4d5234baa6 Jacob J. Schacter (born 1950), senior scholar at the Center for the Jewish Future at Yeshiva University; editor of a number of volumes about Rabbi Joseph Soloveitchik 4d5234baa6 From the 17th century until the mid-19th century, the central role of agriculture and slavery during the colonial period and antebellum era economies stratified society by land ownership. This landed gentry differentiated culture in the early Southern United States from areas north of the Mason–Dixon line and west of the Appalachians. The upland areas of the South were characterized by yeoman farmers who worked on their small landed property with few or no enslaved people, while the lower-lying elevations and Deep South were societies of more plantations worked by African slave labor. Events such as the First Great Awakening (1730s–1750s) would strengthen Protestantism in the South and United States as a whole.
