At its most simplistic, it attempts to describe the human thought processes invoked by experienced, non-disciplinary traders as they observe and trade their markets. Price action is simply how prices change - the action of price. It is most noticeable in markets with high liquidity and price volatility, but anything that is traded freely (in price) in a market will per se demonstrate price action. 65c6b51278 Price action trading can be considered a part... 65c6b51278 Indian merchants developed a double-entry bookkeeping system, called bahi-khata, some time in the first millennium. 65c6b51278
