Several versions were produced at Dartmouth, implemented by undergraduate students and operating as a compile and go system. The first version ran on 1 May 1964, and it was opened to general users in June. Upgrades followed, culminating in the seventh and final release in 1979. Dartmouth also introduced a dramatically updated version known as Structured BASIC (or SBASIC) in 1975, which added various structured programming concepts. SBASIC formed the basis... 59f08e6d13 The SAT is wholly owned, developed, and published by the College Board and is administered by the Educational Testing Service.

For much of its history, it was called the Scholastic Aptitude Test and had two components, Verbal and Mathematical, each of which was scored on a range from 200 to 800.

Later it was called the Scholastic Assessment Test, then the SAT I: Reasoning Test, then the SAT Reasoning Test, then simply the SAT. Since its debut in 1926, its name and scoring have changed several times. Module 2 59f08e6d13

A standardized test is administered and scored uniformly for all test takers. Any test in which the same test is given in the same manner to all test takers, and graded in the same manner for everyone, is a standardized test. Standardized tests do not need to be high-stakes tests, time-limited

tests, multiple-choice tests, academic tests, or tests given to large numbers of test takers. Standardized tests can take various forms, including written, oral, or practical test. The standardized test may evaluate many subjects, including... 59f08e6d13

Leaving Certificate (Ireland) Most students taking the examination are aged 16–19; in excess of eighty percent of this group undertake the exam. These years are referred to collectively as the "Senior Cycle". In 2020, the Leaving Certificate The Leaving Certificate Examination (Irish: Scrúdú na hArdteistiméireachta), commonly referred to as the Leaving Cert or (informally) the Leaving (Irish: Ardteist), is the final exam of the Irish secondary school system and the university matriculation examination in Ireland. The Examination is overseen by the State Examinations Commission. It takes a minimum of two years' preparation, but an optional Transition Year means that for those students it takes place three years after the Junior Cycle examination. The Leaving Certificate Examinations are taken annually by approximately 60,000 students. Curriculum A curriculum may incorporate the planned interaction of pupils with instructional content, materials, resources, and processes for evaluating the attainment of educational objectives. The term often refers specifically to a planned sequence of instruction, or to a view of the student's experiences in terms of the educator's or school's instructional goals. The Common Core State Standards Initiative (CCSSI) promulgates a core set of standards which are specific information In education, a curriculum (; pl.
