It was released by Boston-based company Semrush Inc, founded by Oleg

Shchegolev and Dmitri Melnikov. p a3906d1807

Clean URL This makes the World Wide Web a more stable and useful. Other reasons for using clean URLs include search engine optimization (SEO), conforming to the representational state transfer (REST) style of software Clean URLs (also known as user-friendly URLs, pretty URLs, search-engine-friendly URLs or RESTful URLs) are web addresses or Uniform Resource Locators (URLs) intended to improve the usability and accessibility of a website, web application, or web service by being immediately and intuitively meaningful to non-expert users. Other reasons for using clean URLs include search engine optimization (SEO), conforming to the representational state transfer (REST) style of software architecture, and ensuring that individual web resources remain consistently at the same URL. Such URL schemes tend to reflect the conceptual structure of a collection of information and decouple the user interface from a server's internal representation of information a3906d1807
