His works represent part of a broader literary revival of chivalric romance and adventure stories, in contrast to domestic realism. Other writers following this trend were Robert Louis Stevenson, George MacDonald, and William Morris. History of the nude in art It is considered one of the academic classifications of works of art. Many cultures tolerate nudity in art to a greater extent than nudity in real life, with different parameters for what is acceptable: for example, even in a museum where nude works are displayed, nudity of the visitor is generally not acceptable.
