From 1964 to 1974 they published the Marxist journal Praxis, which was renowned as one of the leading international journals in Marxist theory. The group also organized the widely popular Korčula Summer School in the island of Korčula.

Outline of critical theory topical guide to critical theory: Critical theory - the examination and critique of society and culture, drawing from knowledge across the social sciences The following outline is provided as an overview of and topical guide to critical theory:

Critical theory – the examination and critique of society and culture, drawing from knowledge across the social sciences and humanities. The term has two different meanings with different origins and histories: one originating in sociology and the other in literary criticism. This has led to the very literal use of 'critical theory' as an umbrella term to describe any theory founded upon critique. The term "Critical Theory" was first coined by Max Horkheimer in his 1937 essay "Traditional and Critical Theory". 1c548581ce

As a form of inquiry, ethnography relies heavily on participant observation, where the researcher participates in the setting or with the people being studied, at least in some marginal role, and seeking to document, in detail, patterns of social interaction and the perspectives of participants, and to understand these in their local contexts. It had its origin in social and cultural anthropology in the early twentieth century... 1c548581ce

Praxis intervention Praxis potential means the members' potential to reflexively work on their respective mentalities; participant here refers not just to the clientele beneficiaries of the praxis intervention project, but also the organisers and experts participating in such a project. This contrasts with other forms of participatory action

research, which emphasize the collective modification of the external world. Praxis intervention is intended to lead its members through a "participant objectivation". The method prioritizes unsettling the settled mentalities, especially where the settled mindsets prevalent in the social world or individuals is suspected to have.
