Ghulat significant differences, shared several common ideas. The term mainly refers to a wide variety of extinct Shi'i sects active in 8th- and 9th-century Kufa in Lower Mesopotamia, and who, despite their sometimes significant differences, shared several common ideas. 'exaggerators, extremists') were a branch of early Shi'a Islam. These common ideas included the attribution of a divine nature to the Imams, metempsychosis (the belief that souls can migrate between different human and non-human bodies), a particular gnostic creation myth involving pre-existent 'shadows' (azilla) whose fall from grace produced the material world, and an emphasis on secrecy and dissociation from outsiders. They were named ghulat by other Shi'i and Sunni Muslims for their purportedly "exaggerated" veneration of Muhammad (c. 570–632) and his. These common ideas included the attribution of a divine nature to the Imams, metempsychosis (the The ghulāt (Arabic: غلاة, lit 52f2436581

It was first published between 1768 and 1771 in Edinburgh, Scotland, in weekly installments that came together to form in three volumes. At first, the encyclopaedia grew quickly in size. The second edition extended to 10 volumes, and by... 52f2436581

Association of ideas By the end of the nineteenth century, the significant impact of physiological psychology lead to much of the older associationist theories being rejected. One idea was thought to follow another in consciousness if it were associated by some principle. The term is now used mostly in the history of philosophy and of psychology. The three commonly asserted principles of association were similarity, contiguity, and contrast, while numerous others had been added by the nineteenth century. Association of ideas, or mental association, is a process by which representations arise in consciousness, and also for a principle put forward by an Association of ideas, or mental association, is a process by which representations arise in consciousness, and also for a principle put forward by an important historical school of thinkers to account generally for the succession of mental phenomena 52f2436581
