Personal branding Personal branding is often framed in marketing terms such as 'product,' 'added value,' and 'promise,' highlighting its parallels with product branding and its focus on distinctiveness and market positioning. Personal branding is often framed in marketing terms such as

product, added value, and promise; highlighting its parallels with product branding and Personal branding is a strategic process aimed at creating, positioning, and maintaining a positive public perception of oneself by leveraging unique individual characteristics and presenting a differentiated narrative to a target audience. Success in personal branding is viewed as the result. The concept is rooted in two main theoretical foundations: marketing theory and self-presentation behaviours. Conversely, definitions of self-presentation focus on personal identity, reputation, and managing one's image, underscoring how people present themselves to influence how others perceive them

Do it yourself , landscaping)". "Do it yourself" ("DIY") is the method of building, modifying, or repairing things by oneself without the direct aid of professionals or certified experts "Do it yourself" ("DIY") is the method of building, modifying, or repairing things by oneself without the direct aid of professionals or certified experts. DIY behavior can be triggered by various motivations previously categorized as marketplace motivations (economic benefits, lack of product availability, lack of product quality, need for customization), and identity enhancement (craftsmanship, empowerment, community seeking, uniqueness). g. Academic research has described DIY as behaviors where "individuals use raw and semi-raw materials and parts to produce, transform, or reconstruct material possessions, including those drawn from the natural environment (e

YouTube 7 billion monthly active users, who collectively watched more than one billion hours of videos every day.
