Ritual of oak and mistletoe 49. Les Druides : des philosophes chez les barbares [The Druids: Philosophers among Barbarians] (in French). Jean-Louis Brunaux (2006). The ritual, known from a single passage in Pliny's Natural History, has helped shape the image of the druid in the popular imagination. The ritual of oak and mistletoe is a Celtic religious ceremony, in which white-clad druids climbed a sacred oak, cut down the mistletoe growing on it, sacrificed two white bulls and used the mistletoe to make an elixir to cure infertility and the effects of poison.
