Science education in England In England, two boards offer IGCSEs for science, Edexcel and CIE. league tables. Below university level, science education is the responsibility of three bodies: the Department for Education, Ofqual and the QAA, but at university level, science education is regulated by various professional bodies, and the Bologna Process via the QAA. CIE IGCSEs can be undertaken at either core or extended levels. The two Science education in England is generally regulated at all levels for assessments that are England's, from 'primary' to 'tertiary' (university). The QAA also regulates science education for some qualifications that are not university degrees via various qualification boards, but not content for GCSEs, and GCE AS and A levels. Ofqual on the other hand, regulates science education for GCSEs and AS/A levels, as well as all other qualifications, except those covered by the QAA, also via qualification boards f71268568f

The Department for Education prescribes... f71268568f The Department for Education has drawn up a list of core subjects... f71268568f Each GCSE qualification is offered as a specific school subject, with the most commonly awarded ones being English literature, English language, mathematics, science (combined & separate), history, geography, art, design and technology (D&T), business studies, economics, music, and modern foreign languages (e.g., Spanish, French, German) (MFL). f71268568f The page you are currently viewing is a transcluded archive page.
