The game is not a direct adaptation of the film but is instead a broad-strokes sequel that changes the ending so that Tony Montana (originally played by Al Pacino) survives and sets about exacting revenge on those who ousted him from power by re-establishing his drug empire in Miami. The game features Al Pacino's likeness for Montana, but Pacino does not voice the character, as he and the game's producers felt his voice had changed too much since the film was released in 1983.
