Lean startup p. Lauderdale, FL: J. Ross Pub. (2008). June 2015. This methodology enables recovery from failures more often than traditional ways of product development. Lean startup emphasizes customer feedback over intuition and flexibility over planning. Ft. Trent, Robert J. Lean startup is a methodology for developing businesses and products that aims to shorten product development cycles and rapidly discover if a proposed business model is viable; this is achieved by adopting a combination of business-hypothesis-driven experimentation, iterative product releases, and validated learning. End-to-end lean management: a guide to complete supply chain improvement. 17 f403f83fdd
