Cram school The word "crammer" may be used to refer to the school or to an individual teacher who assists a student in cramming. The English name is derived from the slang term cramming, meaning to study a large amount of material in a short period of time. Bangladesh, cram schools are known as "coaching centers" and in some cases, "tutorials". Most cram schools provide help for admission tests of public universities A cram school (colloquially: crammer, test prep, tuition center, or exam factory) is a specialized school that trains its students to achieve particular goals, most commonly to pass the entrance examinations of high schools or universities

History of virtual learning environments in the 1990s Students accessed randomized (personalized) homework problems through telnet. Convene In the history of virtual learning environments, the 1990s was a time of growth, primarily due to the advent of the affordable computer and of the Internet. first used in a small (92 student) physics class in the Fall of 1992

<< Nov | December | Jan >> Inclusion on this list of online reference desks is not an endorsement. Technologies incorporating rich media and interaction have demonstrated the educational potential that scholars, teachers and students are embracing. Instead of focusing on memorization, the learner experiences an adaptive learning experience based upon the current context. The augmented content can be dynamically tailored to the learner's natural environment by displaying text, images, video or even playing audio (music or speech). This additional information is commonly shown in a pop-up window for computer-based environments.

Classe préparatoire aux grandes écoles In addition to class time and homework, students spend several hours The Classes

préparatoires aux grandes écoles (French pronunciation: [klas pʁepaʁatwaʁ o gʁɑ̃dzɛkol], Higher school preparatory classes, abbr. They consist of two years of study (extendable to three or exceptionally four years) which act as an intensive preparatory course (or cram school) with the main goal of training students for enrolment in one of the grandes écoles. CPGE), commonly called classes prépas or prépas, are part of the French post-secondary education system. The amount of work required from the students is exceptionally high. Whereas enrollment in public universities in France is open to any school leaver with an adequate baccalauréat, enrollment in the grandes écoles is restricted to the highest-ranked students in a separate national competitive examination. Preparation for this examination entails one of the highest student workloads in Europe. like most CPGE
