Much of the remainder of the world have adopted either the short or long scale. Such numbering systems include the Indian numbering system and Chinese, Japanese, and Korean numerals. Countries using the long scale include most countries in continental Europe and most that are French-speaking, German-speaking and Spanish-speaking. Other numbering systems, particularly in East Asia and South Asia, have large number naming that differs from both the long and the short scales. Use of the short scale is found in most English-speaking and Arabic-speaking speaking countries, most Eurasian post-communist countries, and Brazil 8c06a409d9
