From the earliest times most cultures produced a
stream of nurses dedicated to service on
religious principles. Both Christendom and the
Muslim World generated a stream of dedicated
nurses from their earliest days. In Europe before
the foundation of modern nursing, Catholic nuns
and the military often provided nursing-like
services. It took until the 19th century for
nursing to become a secular profession. In the
20th century nursing became a major profession in
all modern countries, and was a favored career
for women. a644216356 "Beatrix Potter";,
