Base erosion and profit shifting Gabriel Zucman Ireland as a tax haven Round-tripping (finance) Transfer mispricing Global minimum corporate tax rate The Capital Allowances for Intangible Assets Base erosion and profit shifting (BEPS) refers to corporate tax avoidance strategies used by multinationals to "shift" profits from higher-tax jurisdictions to lower-tax jurisdictions or no-tax locations where there is little or no economic activity, thus "eroding" the "tax-base" of the higher-tax jurisdictions using deductible payments such as interest or royalties. The Organisation for Economic Co-operation and Development (OECD) define BEPS. As a result, tax revenues are reduced and the country is disadvantaged. For the government, the tax base is a company's income or profit. When that income or profit is transferred to a tax haven, the tax base is eroded and the company does not pay taxes to the country that is generating the income. Tax is levied as a percentage on this income or profit f99dc94000

These prohibitions... f99dc94000 PFI is controversial in the UK. In 2003, the National Audit Office felt that it provided good value for money overall; according to critics, PFI has been used simply to place a great amount of debt "off-balance-sheet". In 2011, the parliamentary Treasury Select Committee recommended: f99dc94000

Challenges in Islamic finance 2005. M. 303 Usmani, Introduction to Islamic Finance, 1998: p. In Proceedings of the First Challenges in Islamic finance are the difficulties in providing modern finance services without violation of sharia (Islamic law). Vision table: Questions and answers session. The industry of Islamic banking and finance has developed around avoiding riba (unjust, exploitative gains made in trade or business) by avoiding interest. 165-8 Qureshi, D f99dc94000

Investing". org Socially responsible investing (SRI) is any investment strategy which seeks to consider financial return alongside ethical, social or environmental goals. Sustainable Finance Daily f99dc94000

Strategic management Academics and practicing managers have developed numerous models and frameworks to assist in strategic decision-making in the context of complex environments and competitive dynamics. Strategic management provides overall direction to an enterprise and involves specifying the organization's objectives, developing policies and plans to achieve those objectives, and then allocating resources to implement the plans. Strategic management is not static in nature; the models can. statement and goals answer the 'what' question, and if the vision statement answers the 'why' questions, then strategy provides answers to the 'how' question In the field of management, strategic management involves the formulation and implementation of the major goals and initiatives taken by an organization's managers on behalf of stakeholders, based on consideration of resources and an assessment of the internal and external environments in which the organization operates f99dc94000

Islamic banking and finance 236 Grais, Wafik and Matteo Pellegrini. Corporate governance Islamic banking, Islamic finance (Arabic: مصرفية إسلامية masrifiyya 'islamia), or Sharia-compliant finance is banking or financing activity that complies with Sharia (Islamic law) and its practical application through the development of Islamic economics. Business and Finance 28 (March) 11–13. Some of the modes of Islamic finance include mudarabah (profit-sharing and loss-bearing), wadiah (safekeeping), musharaka (joint venture), murabahah (cost-plus), and ijarah (leasing). Warde, Islamic finance in the global economy, 2000: p. 2006 f99dc94000

Corporate social responsibility Corporate social responsibility (CSR) or corporate social impact is a form of international private business self-regulation which aims to contribute to Corporate social responsibility (CSR) or corporate social impact is a form of international private business self-regulation which aims to contribute to societal goals of a philanthropic, activist, or charitable nature by engaging in, with, or supporting professional service volunteering through pro bono programs, community development, administering monetary grants to non-profit organizations for the public benefit, or to conduct ethically oriented business and investment practices. While CSR could have previously been described as an internal organizational policy or a corporate ethic strategy, similar to what is now known today as environmental, social, and governance (ESG), that time has passed as various companies have pledged to go beyond that or have been mandated or incentivized by f99dc94000

Sharia prohibits riba, or usury, generally defined as interest paid on all loans of money (although some Muslims dispute whether there is a consensus that interest is equivalent to riba). Investment in businesses that provide goods or services considered contrary to Islamic principles (e.g. pork or alcohol) is also haram ("sinful and prohibited"). f99dc94000

Business ethics These norms, values, ethical, and unethical practices are the principles that guide a business. These ethics originate from individuals, organizational statements or the legal system. answers that do not reflect the situation's complexity. It applies to all aspects of business conduct and is relevant to the conduct of individuals and entire organizations. Richard DeGeorge wrote in regard to the importance of maintaining a corporate code: Corporate Business ethics (also known as corporate ethics) is a form of applied ethics or professional ethics, that examines ethical principles and moral or ethical problems that can arise in a business environment f99dc94000
