It is often described as the unconditioned or uncompounded (Skt.: asaṃskṛta, Pali: asankhata), meaning it is beyond all forms of conditionality — not subject to change, decay, or the limitations of time and space. Nirvana is typically seen as being outside the realm of dependent arising (pratītyasamutpāda), representing a truth that transcends cause and effect, as well as all conventional dualities such as existence and non-existence, or life and death. Nirvana is also said to transcend all conceptual frameworks, being beyond the grasp of ordinary human perception. b7dde16cc6
