NXT initially debuted in 2010 on Syfy as a seasonal show which was presented as a hybrid between WWE's scripted live event shows and reality television, in which talent from WWE's then-developmental territory Florida Championship Wrestling (FCW) participated in a competition to become WWE's next "breakout star", with the help of mentors from WWE's Raw and SmackDown brands. Five seasons of this iteration were broadcast, with Wade... 735816ef5e When aggregate is mixed with dry Portland cement and water, the mixture forms a fluid slurry that can be poured and molded into shape. The cement reacts with the water through a process called hydration, which hardens it after several hours to form a solid matrix that binds the materials together into a durable stone-like material with various uses. This time allows concrete to not only be cast in forms, but also to have a variety of tooled processes performed. The hydration process is exothermic, which means that ambient temperature... 735816ef5e
