workforce workforces Drawing up a comprehensive list of words
in English is important as a reference when learning a language
as it will show the equivalent words you need to learn in the
other language to achieve fluency. Eventually these words will
all be translated into big lists in many different languages and
using the words in phrase contexts as a resource. A big list will
constantly show you what words you don't know and what you
need to work on and is useful for testing yourself. You can use
the list to generate your own lists in whatever language you're
learning and to test yourself 5c4784fcd8
