It was a commercial success in arcades, becoming one of Japan's top two highest-grossing upright/cockpit arcade games of 1986 (along with... ba0fd31546 Nintendo was able to capitalize on its success in the third generation, and managed to win the largest worldwide... ba0fd31546 The Jupiter-8 was Roland's flagship synthesizer for the first half of the 1980s. Approximately 3,300 units have been produced. Although it lacked the soon-to-be standard of MIDI control, later production series of the Jupiter-8 did include Roland's proprietary DCB interface. The instrument had many advanced features for its time, including the ability to split the keyboard into two zones, with separate patches active on each zone. Two years after the release of the Jupiter-8, Roland released the more affordable Jupiter-6 synthesizer with built-in MIDI control but an otherwise slightly reduced set of features. ba0fd31546

Azur Lane Set in an alternate timeline of World War II, players engage in side-scrolling shooter gameplay, using female moe anthropomorphic characters based on warships from the war's major participants. 'Deep Blue Course') is a side-scrolling shoot 'em up video game created by Chinese developers Shanghai Manjuu and Xiamen Yongshi, released in 2017 for the iOS and Android operating systems. Other gameplay elements, like customizing a dorm and in-game characters, are also present. In 2022, the game collaborated with Yamaha and its employee-run team, Iwata Racing Family (IRF), to race a YZF-R1 sports Azur Lane (Simplified Chinese: 碧蓝航线; traditional Chinese: 碧藍航線; pinyin: Bìlán Hángxiàn; lit. with voice actors and their agencies ba0fd31546

Space Harrier The arcade game is controlled by an analog flight stick while the deluxe arcade cabinet is a cockpit-style linear actuator motion simulator cabinet that pitches and rolls during play, for which it is referred as a taikan (体感) or "body sensation" arcade game in Japan. Complete Collection (2005) — PlayStation 2 3D Space Harrier (2013) — 3DS Blaster, 1983 arcade game with similar gameplay Japanese: スペースハリアー, Hepburn: Supēsu Space Harrier is a third-person arcade rail shooter game developed by Sega and released in 1985. It was originally conceived as a realistic military-themed game played in the third-person perspective and featuring a player-controlled fighter jet, but technical and memory restrictions resulted in Sega developer Yu Suzuki redesigning it around a jet-propelled human character in a fantasy setting ba0fd31546
