[illegible]

Andragogy Knowles asserted that andragogy (Greek: "man-leading") should be distinguished from pedagogy. Andragogy refers to methods and principles used in adult education. It later became very popular in the US by the American educator Malcolm Knowles. The word comes from the Greek ἀνδρ- (andr-), meaning "adult male", and ἄγωγός (agogos), meaning "leader of". Therefore, andragogy literally means "leading men (adult males)", whereas "pedagogy" literally means "leading children".
