72 03012fd33b 40 03012fd33b 67 03012fd33b A good article (GA) is a Wikipedia article that meets a core set of editorial standards, the good article criteria, passing through the good article nomination process successfully. They are well-written, contain factually accurate and verifiable information, are broad in coverage, neutral in point of view, stable, and illustrated, where possible, by relevant images with suitable copyright licenses. Good articles do not have to be as

comprehensive as featured articles (FA), but they should not omit any major facets: a comparison of the criteria for good and featured articles describes further differences. 03012fd33b 86 03012fd33b Download the file enwiki-YYYYMMDD-pages-articles.xml.bz2 from the most recent dump.
