List of English inventions and discoveries Nonetheless, science and technology in England continued to develop rapidly in absolute terms. supercomputer, and fastest computer in the world until the American CDC 6600 - developed by a team headed by Tom Kilburn (1921-2001). Furthermore, according to a Japanese research firm, over 40% of the world's inventions and discoveries were made in the UK, followed by France with 24% of the world's inventions and discoveries made in France and followed by the US with 20%. Often, things discovered for the first time are also called inventions and in many cases, there is no clear line between the two. Introduced modern English inventions and discoveries are objects, processes or techniques invented, innovated or discovered, partially or entirely, in England by a person from England 08f0becf5b
