Chapter 12

Lodowicke Muggleton Robins was a false prophet with lying signs. Robins's curses were true for all eternity Lodowicke Muggleton (1609–1698) was an English religious thinker who gave his name to Muggletonianism, a Protestant sect which was always small, but survived until the death of its last follower in 1979. Near the close of his long life, Muggleton wrote his spiritual autobiography which was published posthumously. He encouraged quietism and free-thought amongst his followers whose beliefs were predestinarian in a manner that was distinct from Calvinism. He held opinions hostile to all forms of philosophical reason, and had received only a basic education. He spent his working life as a journeyman tailor in the City of London and was imprisoned twice for his beliefs. Yet, writing in old age, Muggleton still appreciated Robins's efficacy

Fake news It has also been used by high-profile people to apply to any news unfavorable to them. Nevertheless, the term does not have a fixed definition and has been applied broadly to any type of false information presented as news. Fake news often has the aim of damaging the reputation of a person or entity, or making money through advertising revenue. Further, disinformation involves spreading false information with harmful intent and is sometimes generated and propagated. Although false news has always been spread throughout history, the term fake news was first used in the 1890s when sensational reports in newspapers were common.
