A significant threat to flight safety, bird strikes have caused a number of accidents with human casualties. There are over 13,000 bird strikes annually in the US alone. However, the number of major accidents involving civil aircraft is quite low and it has been estimated that there is only about one accident resulting in human death in one billion (10⁹) flying hours. The majority of bird... 6363b7726b The final report, published by the National Transportation Safety Committee, concluded that the crash was caused due to multiple factors, which... 6363b7726b

Smolensk air disaster crash 2010 Cameroon Aéro Service CASA C-212 Aviocar crash 2012 Philippine Piper Seneca crash Afriqiyah Airways Flight 771 2024 Varzaqan helicopter crash On 10 April 2010, a Tupolev Tu-154 aircraft operating Polish Air Force Flight 101 crashed near the Russian city of Smolensk, killing all 96 people on board. Among the victims were the president of Poland, Lech Kaczyński, and his wife, Maria; the former president of Poland-in-exile, Ryszard Kaczorowski; the chief of the Polish General Staff and other senior Polish military officers; the president of the National Bank of Poland; Polish government officials; 18 members of the Polish parliament; senior members of the Polish clergy; and relatives of victims of the Katyn massacre. Aero Engineers Australia provides roll cage homologation services to the local racing industry. CASA 212 Skiplane for Skytraders Fokker 50 Hardened Cockpit Door for Skywest and Aeronautical Engineers Australia (AEA) is an Australian aeronautical engineering consultancy and aircraft technical service provider. It is the largest civil aircraft design organisation in the Asia Pacific region and is now headquartered in Adelaide 6363b7726b

Development of the Ju 52 commenced in the late 1920s, headed by German aeronautical engineer Ernst Zindel. The aircraft's design incorporated a corrugated duralumin metal skin as a strengthening measure, which was a material design pioneered by Junkers and used on many of their aircraft, including the popular Junkers F 13 1920s, the record-setting Junkers W 33, and Junkers W34. The corrugation... 6363b7726b Envoy Air operates a fleet consisting of exclusively Embraer regional jet aircraft. The company has a team of more than 18,000 employees, operating more than 1,000 daily flights to over 150 destinations in the United States, Canada, Mexico, Caribbean and South America. 6363b7726b

American Eagle (airline brand) All American Eagle carriers share similar logos, uniforms, and aircraft paint schemes as American Airlines' mainline operations. In 2023, 46 million passengers flew on American Eagle regional flights, with about 45% connecting to or from mainline flights. These regional carriers serve smaller markets, facilitating connections to American Airlines hubs, and supporting operations in mainline markets. These flights operate under capacity purchase agreements with both third-party and wholly owned regional carriers, controlling all aspects of marketing, scheduling. 1987: American Eagle Flight 5452, operated by regional airline Executive Airlines, a CASA 212-200, was on a domestic passenger flight between San Juan, Puerto Rico American Eagle is an American Airlines brand, encompassing regional carriers including wholly owned affiliates Envoy Air, PSA Airlines, and Piedmont Airlines, as well as third-party carriers like Republic Airways and SkyWest Airlines 6363b7726b

Junkers Ju 52 B. Salis in Cerny, Essonne. South Africa T. First introduced during 1930 as a civilian airliner, it was adapted into a military transport aircraft by Germany's Nazi regime, which exercised power over the company for its war efforts, over the objections of the company's founder Hugo Junkers. 2B-212 - Ju 52/3m airworthy with Amicale J. Uruguay Yugoslavia France

T. 2B-273 – CASA 352L airworthy at the South The Junkers Ju 52/3m (nicknamed Tante Ju ("Aunt Ju") and Iron Annie) is a transport aircraft that was designed and manufactured by German aviation company Junkers 6363b7726b

Bird strike Air Force. 2004. aircraft strike hazard (BASH) manual. Air Force pamphlet 91-212: Bird/wildlife aircraft A bird strike (sometimes called birdstrike, bird ingestion (for an engine), bird hit, or bird aircraft strike hazard (BASH)) is a collision between an airborne animal (usually a bird or bat) and a moving vehicle (usually an aircraft). C. U. The term is also used for bird deaths resulting from collisions with structures, such as power lines, towers and wind turbines (see bird-skyscraper collisions and towerkill). S. , USA. Department of the Navy. Washington D 6363b7726b

Air Caraïbes Flight 1501 One person on the ground was also killed in the explosions that followed. On 24 March 2001, during an approach to Saint Barthélemy Airport, the DHC-6 Twin Otter banked steeply to the left and crashed into a house, killing all 19 passengers and crew on board. The flight was operated by Air Caraïbes, a Caribbean regional airline, using a de Havilland Canada DHC-6-300 Twin Otter. of flight recorders: Northwest Airlink Flight 2268, a 1987 plane crash in United States involving a CASA C-212 Up until 2007, Saint Barthélemy was a part Air Caraïbes Flight 1501 (TX1501/FWI1501) was a scheduled international passenger flight, flying from Princess Juliana International Airport in the Dutch overseas territory of Sint Maarten to Saint Barthélemy Airport which was in the French overseas region of Guadeloupe at that time 6363b7726b
