Beatnik Kerouac, Jack. Ann Charters. The Portable Kerouac. The term "beat" originally was used by Jack Kerouac in 1948. The name was inspired by the Russian suffix "-nik", which was used to denote members of various political or social groups. Holmes, John Beatniks were members of a social movement in the mid-20th century, who subscribed to an anti-materialistic lifestyle. They also experimented with spirituality, drugs, sexuality, and travel. Penguin Classics, 2007. 24, 1994. This lifestyle of anti-consumerism may have been influenced by their generation living in extreme poverty in the Great Depression during their formative years, seeing slightly older people serve in WWII and being influenced by the rise of left-wing politics and the spread of Communism. Archived from the original on November 22, 2011. They rejected the conformity and consumerism of mainstream American culture and expressed themselves through various forms of art, such as literature, poetry, music, and painting. Ed. The term "beatnik" was coined by San Francisco Chronicle columnist Herb Caen in 1958, as a derogatory label for the followers of the Beat Generation, a group of influential writers and artists who emerged during the era of the Silent Generation's maturing, from as early as 1946 to as late as 1963; however, the subculture was at its most prevalent in the 1950s

A work of future history and speculative evolution, The Time Machine is interpreted in modern times as a commentary on the increasing inequality and class divisions of Wells's era, which he projects as giving rise to two separate human species: the fair, childlike Eloi; and the savage, simian Morlocks, distant descendants of the contemporary upper and lower classes respectively. Dusklands (1974) ISBN 0-14-024177-9 The definition of "New Hollywood" varies, depending on the author, with some defining it as a movement and others as a period. The span of the period is also a subject of debate, as well as its integrity, as some authors, such as Thomas Schatz, argue that the New Hollywood consists of several different movements. The films made in this movement are stylistically characterized in that their narrative often deviated from classical norms. After the demise of the studio system and the rise of television, the commercial success of films was diminished.
