Education in Ghana The University of Moliyili is one of the earliest learning centers in Ghana established in the 1700s. operating ICT equipment, but not necessarily

using the technology as a means of learning subjects other than the use of the devices. The current formal educational system was introduced during European colonisation. The study also found Education in Ghana uses a dualistic approach encompassing both formal and informal learning systems. However, learning systems existed prior to that. Economic activities in pre-colonial Ghana were based on farm produce shared within households and members of each household specialized in providing necessities such as cooking utilities, shelter, clothing, and furniture, and trade with other households was therefore. During colonisation, European settlers initially introduced a formal education system addressed to the elites[2], while education of the average citizen was mainly informal, and based on apprenticeship 1601e6fa17
