List of datasets for machine-learning research Retrieved 6 August 2019. High-quality labeled training datasets for supervised and semi-supervised machine learning algorithms are usually difficult and expensive to produce because of the large amount of time needed to label the data. These datasets are used in machine learning (ML) research and have been cited in peer-reviewed academic journals. “Computational Models of Natural Argument. Although they do not need to be labeled, high-quality datasets for unsupervised learning can also be difficult and costly to produce. “Believe Me-We Can Do This. Anand, Pranav, et al. Datasets are an integral part of the field of machine learning. Annotating Persuasive Acts in Blog Text. Major advances in this field can result from advances in learning algorithms (such as deep learning), computer hardware, and, less-intuitively, the availability of high-quality training datasets f745ad20af
