Potentially non-notable neologism. It was supposedly "popular... be63afbd7f

Semi-Automatic Ground Environment Strangelove and Colossus, and on science fiction TV series such as The Time Tunnel. SAGE directed and controlled the NORAD response to a possible Soviet air attack, operating in this role from the late 1950s into the 1980s. Today the same command and control task is carried out by

microcomputers, based on the same basic underlying data. outdated. Just prior to World War II, The Semi-Automatic Ground Environment (SAGE) was a system of large computers and associated networking equipment that coordinated data from many radar sites and processed it to produce a single unified image of the airspace over a wide area. Its enormous computers and huge displays remain a part of Cold War lore, and after decommissioning were common props in movies such as Dr
