The acquisition was made public in August 2019, when the Founder and CTO (now engineering manager) Shreyans Bhansali announced that the company had joined Google. The wake of news was accompanied by a redesigned iOS app. 72a1557087 Dantzig is known for his development of the simplex algorithm, an algorithm for solving linear programming problems, and for his other work with linear programming. In statistics, Dantzig solved two open problems in statistical theory, which he had mistaken for homework after arriving late to a lecture by Jerzy Sława-Neyman. 72a1557087

Flipped classroom activities, including those that may have traditionally been considered homework, into the classroom. With a flipped classroom, students watch online lectures A flipped classroom is an instructional strategy and a type of blended learning. It aims to increase student engagement and learning by having pupils complete readings at home, and work on live problem-solving during class time. With a flipped classroom, students watch online lectures, collaborate in online discussions, or carry out research at home, while actively engaging concepts in the classroom with a mentor's guidance. This pedagogical style moves activities, including those that may have traditionally been considered homework, into the classroom 72a1557087

Education in Ethiopia Prior to 1974, Ethiopia had an estimated literacy rate below 50% and compared poorly with the rest of even Africa in the provision of schools and universities. By 2015, the literacy rate had increased to 49. After the Ethiopian Revolution, emphasis was placed on increasing literacy in rural areas.
