The concept has been discussed and debated in cultural criticism with regard to Western exceptionalism and which works constitute the canon, given the lack of official standardization of the category

Class struggle can reveal itself through: aggravate – Some have argued that this word should not be used in the sense of "to annoy" or "to oppress", but to mean only "to make worse". According to AHDI, the use of "aggravate" as "annoy" occurs in English as far back as the 17th century. In Latin, from which the word was borrowed, both meanings were used. Sixty-eight percent of AHD4's usage panel approves of its use in "It's the endless wait for luggage that aggravates me the most about air travel." M-W mentions that while aggravate in the sense of "to rouse to displeasure or anger by usually persistent and often petty goading" has been around since the... Matthew Arnold introduced the term "high culture" in his 1869 book *Culture and Anarchy*. Its preface defines "culture" as "the disinterested endeavour after man's perfection" pursued, obtained, and achieved by effort to "know the best that has been said and thought in the world". Such a definition also includes philosophy. Moreover, the... Morris was born and raised in Auckland, New Zealand. The writing standards of Irish English, such as its spelling, align with British English. However, the diverse accents and some of the grammatical structures and vocabulary of Irish English are unique, including certain notably conservative phonological features and vocabulary: those that are no longer common in the dialects of England or North America. It shows significant

influences from the Irish language and also, in the north, the Scots language. In popular usage, the term high culture identifies the culture either of the upper class (an aristocracy) or of a status class (the intelligentsia); "high culture" also identifies a society's common repository of broad-range knowledge and tradition (folk culture) that transcends its social-class system. Sociologically, the term is contrasted with "low culture", which comprises the forms of popular culture characteristic of the less-educated social classes, such as the barbarians, the philistines, and hoi polloi (the masses), though the upper classes very often also enjoy low culture.

Hiberno-English A second wave of the English language was brought to Ireland in the 16th-century Elizabethan Early Modern period, making that variety Hiberno-English or Irish English (IrE), also formerly sometimes called Anglo-Irish, is the set of dialects of the English language native to the island of Ireland. comprehensible with Modern English. In both the Republic of Ireland and Northern Ireland, English is the first language in everyday use and, alongside the Irish language, one of two official languages (with Ulster Scots, in Northern Ireland, being another local language or dialect)

African-American English There has been a significant body of African-American literature and oral tradition for centuries. Like all widely spoken language varieties, African-American English shows variation stylistically, generationally, geographically (that is, features specific to singular cities or regions only), in rural versus urban characteristics, in vernacular versus standard registers, etc. Most commonly, African-American English is an umbrella term that refers to a dialect continuum ranging from African-American Vernacular English to more standard American English. African-American Vernacular English (AAVE) is the native variety of the majority of working-class and many middle-class African Americans, particularly African-American English (AAE) is the group of English dialects spoken predominantly by Black people in the United States and, less often, in Canada

== A == Shelley travelled through Europe in 1815, moving along the river Rhine in Germany, and stopping in Gernsheim, 17 kilometres (11 mi) away from Frankenstein Castle, where, about a century earlier, Johann Konrad Dippel, an alchemist, had engaged in experiments. She then journeyed to the region of Geneva, Switzerland, where much of the story takes place. Galvanism and occult ideas were topics of conversation for her companions, particularly for her lover and future husband, Percy Bysshe Shelley. The broad topic of the English language, in its diverse forms, as used by Black people in North America has various names, including Black American English or simply Black English. Also common is the somewhat controversial term Ebonics and, more recently in academic linguistics, African-American Language (AAL). == Life == Early life and education == Literary canon == Direct violence, such as assassinations, coups, revolutions, counterrevolutions, and civil wars for control of government, natural resources, and labor; Phonologists today often divide Irish English into four or five overarching dialects or accents: Ulster or Northern Irish accents, Western and Southern Irish accents (like Cork accents), various Dublin accents, and a non-regional standard accent (outside of Ulster) whose features have been developing since the late 1970s. After thinking for days, Shelley was inspired to write Frankenstein after... == Background == Political... Morris began taking fiction... Veblen discusses how the pursuit and the possession of wealth affects human behavior, that the contemporary lords of the manor, the businessmen who own the means of production, have employed themselves in the economically unproductive practices of conspicuous consumption and conspicuous leisure, which are useless activities that contribute neither to the economy nor to the material production of the useful goods and services required for the functioning of society. Instead, it is the middle class and working class who are usefully employed in the industrialised, productive occupations that support the whole of society. For a list of disputes more complicated than the usage of a single word or phrase, see English usage controversies.
