Carson began her career as an aquatic biologist in the U.S. Bureau of Fisheries, and became a full-time nature writer in the 1950s. Her widely praised 1951 bestseller *The Sea Around Us* won her a U.S. National Book Award, recognition as a gifted writer, and financial security. Its success prompted the republication of her first book, *Under the Sea Wind* (1941), in 1952, which was followed by *The Edge of the Sea* in 1955 — both were also bestsellers. This sea trilogy explores the whole of ocean life from the shores to the depths. ab43225d36

Note-taking By taking notes, the writer records the essence of the information, freeing their mind from having to recall everything. Idea mapping: how to access your hidden brain power, learn faster, remember more, and achieve success in business Note-taking (sometimes written as notetaking or note taking) is the practice of recording information from different sources and platforms. (2006). Boston, MA: Houghton Mifflin. Note-taking is a foundational skill in personal knowledge management. Notes are commonly drawn from a transient source, such as an oral discussion at a meeting, or a lecture (notes of a meeting are usually called minutes), in which case the notes may be the only record of the event. Since the advent of writing and literacy, notes traditionally were almost always handwritten (often in notebooks), but the introduction of notetaking software and websites has made digital notetaking possible and widespread.
