He started his writing career initially by writing screenplays, but after difficulty entering the business he turned his strongest screenplay into the successful *A Thousand Suns* novel. He has since written a number of successful novels, including *October Skies*. He has also written several screenplays, and is currently writing a highly successful young adult fiction series, which, according to his TimeRiders website, "Allowed him to really have fun with the ideas and concepts he was playing around with when designing games." 6cc7061cac The Secret Life of Words 6cc7061cac

List of science fiction novels It includes modern novels, as well as novels written before the term "science fiction" was in common use. This list includes novels not marketed as SF but still considered to be substantially science fiction in content by some critics, such as *Nineteen Eighty-Four*. Books are listed in alphabetical order by title, ignoring the leading articles "A", "An" and "The". As such, it is an inclusive list, not an exclusive list based on other factors such as level of notability or literary quality. Novel series are alphabetical by author-

designated name or, if there is none, the title of the first novel in the series or some other reasonable designation.
