Readability Madison, WI: School Renaissance Institute, Inc. Guided independent reading. Madison, WI: School Renaissance Institute, Inc. Paul, T. The concept exists in both natural language and programming languages though in different forms. In programming, things such as programmer comments, choice of loop structure, and choice of names can determine the ease with which humans can read computer program code. In natural language, the readability of text depends on its content (the complexity of its vocabulary and syntax) and its presentation (such as typographic aspects that affect legibility, like font size, line height, character spacing, and line length). renlearn Readability is the ease with which a reader can understand a written text.
