Shell corporation Shell companies were primarily vehicles for lawfully hiding the identity of their A shell corporation is a company or corporation with no significant assets or operations often formed to obtain financing before beginning business. The company may serve as a vehicle for business transactions without itself having any significant. operations often formed to obtain financing before beginning business. Shell companies may be registered to the address of a company that provides a service setting up shell companies, and which may act as the agent for receipt of legal correspondence (such as an accountant or lawyer). Shell companies were primarily vehicles for lawfully hiding the identity of their beneficial owners, and this is still the defining feature of shell companies due to the loopholes in the global corporate transparency initiatives. It may hold passive investments or be the registered owner of assets, such as intellectual property, or ships 555d672597

Sharia prohibits riba, or usury, generally defined as interest paid on all loans of money (although some Muslims dispute whether there is a consensus that interest is equivalent to riba). Investment in businesses that provide goods or services considered contrary to Islamic principles (e.g. pork or alcohol) is also haram ("sinful and prohibited"). 555d672597 "Offshore" is not always literal since many Financial Stability Forum–IMF OFCs, such as Delaware, South Dakota, Singapore, Luxembourg and Hong Kong, are landlocked or located "onshore", but refers to the fact that the largest users of the OFC are non-residents, i.e. "offshore". The IMF lists OFCs as a third class of financial centre, with international financial centres (IFCs) and regional financial centres (RFCs). A single financial centre may belong to multiple financial centre classes (e.g. Singapore is an RFC and an OFC). 555d672597

Socially responsible investing Wiley. Lemke, Thomas P. ISBN 9780470394717. ISBN 978-0-470-85658-1. OCLC 233544906. (2009). Logue, Ann C. ; Socially responsible investing (SRI) is any investment strategy which seeks to consider financial return alongside ethical, social or environmental goals. 196. p. Socially Responsible Investing for Dummies. The areas of concern recognized by SRI practitioners are often linked to environmental, social and governance (ESG) topics 555d672597

Sukuk are defined by the AAOIFI (Accounting and Auditing Organization for Islamic Financial Institutions) as "securities of equal denomination representing individual ownership interests in a portfolio of eligible existing or future assets." The Fiqh academy of the OIC legitimized the use of sukuk in February 1988. 555d672597

British company law Tracing their modern history to the late Industrial Revolution, public companies now employ more people and generate more wealth in the United Kingdom economy than any other form of organisation. The United Kingdom was the first country to draft modern corporation statutes, where through a simple registration procedure any investors could incorporate, limit liability to their commercial creditors in the event of business insolvency, and where management was delegated to a centralised board of directors. Corporate governance in the UK mediates the British company law regulates corporations formed under the Companies Act 2006. An influential model within. Also governed by the Insolvency Act 1986, the UK Corporate Governance Code, European Union Directives and court cases, the company is the primary legal vehicle to organise and run business. Company law, or corporate law, can be broken down into two main fields, corporate governance and corporate finance 555d672597

Impact investing can be considered a subset of SRI that is generally more proactive and focused on the conscious creation of social or environmental impact through investment. Eco-investing (or green investing) is SRI with a focus on environmentalism. 555d672597
