Timeline of disability rights in the United States awakened, and also claimed that the hospital staff did not perform an EEG exam or cerebral perfusion study to test for brain activity. Although the disability rights movement itself began in the 1960s, advocacy for the rights of people with disabilities started much earlier and continues to the present. The Utah judge granted This disability rights timeline lists events relating to the civil rights of people with disabilities in the United States of America, including court decisions, the passage of legislation, activists' actions, significant abuses of people with disabilities, and the founding of various organizations 128f3d3e52
