Environmental movement in the United States They operate on local, national, and international scales. Environmentalists often clash with others, particularly corporate interests, over issues of the management of natural resources, like in the case of the atmosphere The organized environmental movement is represented by a wide range of non-governmental organizations or NGOs that seek to address environmental issues in the United States. Environmental NGOs vary widely in political views and in the ways they seek to influence the environmental policy of the United States and other governments
